Managing Editor, JHSEM

This is a selective list of papers, reports, and other materials that have been published elsewhere, but in the opinion of the editor may be of interest to our readers.

American Medical Association. *Management of Public Health Emergencies: A Resource Guide for Physicians and Other Community Responders* 2005. Significant collection of basic source information, available on a CD at no charge from the AMA. Email: disastercd@ama-assn.org

American Meteorological Society. [Building America's Resilience to Hazards](http://www.ametsoc.org/atmospolicy/HurricaneKatrinaForum.html). January 2006. Preliminary report from a December conference, with the focus on the aftermath of the 2005 Hurricane. See especially the presentation by Prof. Shirley Laska re the sizeable number of scientists who warned about the vulnerability of New Orleans. <http://www.ametsoc.org/atmospolicy/HurricaneKatrinaForum.html>

Hurricane Katrina Reports: (1) American Bar Assoc. *Hurricane Katrina Task Force report*. Feb. 2006. 55 pp. Interesting analysis of legal authorities of federal, state, and local government. Available as free download. http://www.abanet.org/natsecurity/scolns_hurricane_katrina_report_feb_2006_2.pdf

(2) House Committee on Homeland Security. *A Failure of Initiative: The Final Report of the Select Bipartisan Committee to Investigate the Preparation for and Response to Hurricane Katrina*. Feb. 2006. <http://www.katrina.house.gov/>

(3) White House. **The Federal Response to Hurricane Katrina: Lessons Learned**. Feb., 2006. <http://www.whitehouse.gov/reports/katrina-lessons-learned/>

Hyogo Framework for Action 2005-2015: Building the resilience of nations and communities to disasters (HFA). More information is available on the UN ISDR website, <http://www.unisdr.org/eng/hfa/hfa.htm>. For more information, the contact person is Ms Elina Palm, ISDR Liaison Officer, UN New York; Tel: (212) 906 6988.

Suburban Emergency Management Project (SEMP); <http://www.semp.us/biots.html>
SEMP features short pieces called "biots." Biots are brief electronic commentaries on provocative dimensions of disaster preparedness. Biots stimulate disaster preparedness thinking and action, and create a historical record of the issues. Each Biot has a unique number and is archived online in chronological order for ease of access by users.
